

Project Management (PM)

PMP Exam Prep - 5 Days

Course Code: PM401

This course is intended for individuals who wish to obtain their PMP or CAPM credential. The Project Management Professional (PMP®) Exam Preparation course is designed to prepare students to pass the PMP exam administered by the Project Management Institute (PMI®). The focus is on exam topics and the PMI® Project Management Body of Knowledge (PMBOK®), upon which many of the exam questions are based.

Learning Objectives

- Demonstrate knowledge of the PMI® Project Management Body of Knowledge (PMBOK®) and other topics likely to appear in the PMP exam.
- Review each PMBOK chapter contents from the perspective of the PMP exam.
- Explore additional topics that have appeared on previous PMP exams.

Topics & Content

- Project management framework
- Integration management
- Scope management
- Project time management
- Cost management
- Quality management
- Human resource management
- Stakeholder management
- Communication management
- Project risk management
- Procurement management
- Professional responsibility and ethics
- Several mock exams
